A full-day CSR Conference, in the fabulous audience, which will focus on trending and current issues within CSR, each session will be delivered by a high-profile panel of experts. The Conference will include refreshments, buffet lunch and admission to the ‘CSR Market Place’.

The Award recognises the basic role that public procurement in India can play in providing a more sustainable and equitable society. It recognises the transition that corporate social responsibility (CSR) and sustainability approaches have made from being a background issue to a primary concern. The Award highlights those organisations & individuals that have embraced the CSR and sustainability agenda and made it a key component of their procurement activities - whether as a buyer or supplier - delivering not just a neutral impact on the environment as a consequence, but a clear benefit.
