

POST EVENT

World Water Leader Congress and Awards

February 17-18, Mumbai, India

The World Water Leadership Congress & Awards attracts leaders from large continents of Asia, Africa, GCC, and the USA.

FOR THE LAST four years, the World Water Leadership Congress & Awards has been a landmark event of strategic significance to the water profession. The craft and design of the event are carefully thought of by a team of advisory council which acts as strategic influencers towards the success of the event. The World Water Leadership Congress & Awards is a not-for-profit body that attempts to organize the annual meet with the objective of learning, development, networking, and recognizing the leaders who have contributed value to the profession or their organization and made a difference. Such value contributors are influencers who have influenced positively. The World Water Leadership Con-

gress & Awards attracts leaders from large continents of Asia, Africa, GCC, and the USA.

The World Water Leadership Congress & Awards is a part of the World CSR Day & World CSR Congress scheduled on 18th February 2019. Dr. RL Bhatia is the founder of World CSR Day & World Sustainability.

There were “51 Most Impactful Leaders in Water & Water Management” and “Leadership Award for Outstanding Contribution to Water Efficiency”, recognized at the World Water Leadership Congress & Awards on 17th February 2019 at the Taj Lands End, Mumbai.
